

Medication Authorization Form

Required only if your child may need prescription medication (e.g epi-pen, inhaler, etc.) while at school.

Pursuant to Title 5A, Chapter 1 of the District of Columbia Municipal Regulations (DCMR), Section 153.1; "A Licensee shall not administer medication or treatment to a child in care, with the exception of emergency first aid, whether prescription or non-prescription, unless: parental permission to administer the medication or treatment is documented on a completed, signed, and dated medication authorization form that is received by the Licensee before the medication or treatment is administered or a licensed health care practitioner has approved the administration of the medication and the medication dosage."

Pursuant to Title 5A, Chapter 1 of the District of Columbia Municipal Regulations (DCMR), Section 153.5, "A Licensee shall maintain a medication log, on a form approved by OSSE. Each time medication is administered to a child, a staff person shall enter the date, time of day, medication, medication dosage, method of administration, and the name of the person administering the medication in the medication log."
